

# FARM-FRESH FAMILY

**Our cheese making is a celebration of our love for farm-fresh food.**

The best cheese comes from the best milk and we have both.

**#WeLoveCheese**

## **#PagelsFarmsteadFamily**

**Pagel's Ponderosa Dairy, LLC**, a family tradition created on a farm in Kewaunee, Wisconsin. Where young learn from old the value of eating responsibly-raised, farm-fresh food. Where everyone is treated like family — even the cows.

Owned and operated by the third generation of Pagel dairy farmers, Pagel's Ponderosa Dairy, LLC is famous for family values and fresh food.

Our 5,400 cows are raised using sustainable farming practices and fed a healthy diet of balanced nutrients, most grown right on the farm's 8,000 acres. All because we want to know what's in our food, and so should you.

That's why we pump fresh milk every morning directly from our cows to our on-site Ponderosa Farmstead Cheese facility, where Wisconsin licensed cheesemakers craft the quality cheeses Wisconsin has grown to love and choosy chefs have come to prefer. We care what our family eats, and you're a part of our family!
